DELTA PRIDE™ THE FRESHEST NAME IN FISH

EVERY DAY FRESH

Delta Pride™ is the freshest name in fish! From the earliest stages, Delta Pride catfish are held to the strictest standards for quality.

Grow / Feed

Our fish are raised in above-ground ponds filled with pure water from deep aquifers. They're fed a scientifically formulated diet of soybeans, corn, wheat and essential vitamins and minerals.

Total Quality

At Delta Pride™ our fish are quality and flavor checked 3-4 times before the pond is harvested and once again just before the fish enter the processing plant. We pay attention to detail.

Harvest

Once a pond passes our extensive tests, the fish are trucked in water filled tanks aerated with oxygen to our processing plant.
